ACCET Refund Computation Sample:

Program is 11 weeks of training. Student withdraws in week 2 (one day of the week is counted as a week attended)

The percentage of tuition retained by the school is based on the portion of the program the student was attending when the student dropped or was dismissed. Number of weeks student attended = 2 weeks

Number of weeks student is financial obligated = 11 weeks

Pro Rata portion completed based on 11 weeks = 2/11	= 18.19%
